

*** Club Schedule ***

Once a member, you have internet & cell access to our google club calendar. Touch the phone icon, and a calendar displays all the days/times reserved. Add Your time by touching a specific day.

Since there are 3 boats in the group, its not likely weekend days are unavailable. If that were to happen, the group size would be reduced.

Typically nothing is scheduled beyond 3 weeks, but if you wanted to guarantee a specific day or weekend say 9 months out, you could.

Be accurate on your times:

If a boat were scheduled tomorrow say 1-5:30pm, the same boat could also be scheduled for tomorrow morning before noon, or evening after 6, or both.

Scheduled days do not have to be consecutive. If you deplete your monthly allocation of days, members may schedule additional time 1hr before use; eXtra day OK. Don't schedule a time and not show up! It takes away availability for others.

Live-aboards are not allowed in the marina, but occasional overnights are OK. By having three boats and keeping a low profile, we have never had a problem.

Members can 'reach out' via the calendar also. Some typical uses might be;

"I Live in Oceanside. Are there any members interested in day sailing from Dana to Oceanside, moor/dock, and I day sail it back to Dana? You can use my car at the end of your leg, and I'll pick it up at the end of my leg. Each of us will click off 1 day of usage."

"I'd love to sail the coast down to San Diego, and I know John would like to sail his family back up the coast. Is there anyone that would like to sail San Diego or Mission Bay in the middle of our two legs?"

"I'm single, know how to sail, and would enjoy some Crew assistance in races. If you haven't raced before, that's ok, you Will learn."

"My wife doesn't sail, and I've planned a sail to Catalina Saturday. She is taking the Catalina Express over Sunday morning and we will make a day of it. Is there anyone that wants to Express over and sail the boat back Sunday/Monday/Tuesday?"
(The [Catalina Express](#) is free on your birthday!)

"We plan to sail the 'Border Run' this year, and are looking for a 4th person"
